**STATEMENT TO SUPPORT PETITION TO REVIVE UNINTENTIONALLY
ABANDONED APPLICATION**

MS Petition
P.O. Box 1450
Alexandria, VA 22313-1450

I, Benjamin D. Pless, state the following:

1. I am the Chief Operating Officer, Chief Technical Officer and a Board Member of NeuroPace, Inc., the company to which this application has been, or will be assigned. I am also a named inventor on the above-referenced application.
2. NeuroPace, Inc. employed an in-house patent attorney to manage our patent portfolio. His responsibilities included overseeing prosecution, or directly prosecuting, our patent matters. Our in-house patent attorney was responsible for directly prosecuting the above-referenced application.
3. It has just recently come to my attention that the above-referenced application was abandoned due to a failure to prosecute the application. This fact came to light after our in-house patent attorney departed, and our patent files were audited by outside patent counsel not associated with the prosecution of the above-referenced application.

4. The failure to prosecute the above-referenced application was clearly unintentional. I, and NeuroPace, Inc., intended that all actions associated with the above-referenced application would be timely taken, and that all fees due would be timely paid.

5. Because I, and NeuroPace, Inc., in no way intended to abandon the above-referenced application, or otherwise allow it to lapse, I have asked our outside patent counsel to take all steps necessary to revive it.

6. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the above-referenced application, any patent issuing thereon, or any patent to which this verified statement is directed.
